

SUPPORT PARIS BRAIN INSTITUTE FROM BELGIUM

Transnational Giving Europe

Transnational Giving Europe (TGE) is a European network of trusted philanthropic foundations that enables donors to support non-profit organisations in other European countries while benefiting from the **tax advantages** of their **country of residence** (www.transnationalgiving.eu).

Paris Brain Institute's TGE partner in Belgium is the **King Baudouin Foundation** (KPF). KBF will process your donation in Belgium, issue your Belgian tax receipt and transfer the funds to Paris Brain Institute. Tax receipts will be sent by post once a year in February of the following year.
