

SUPPORT PARIS BRAIN INSTITUTE FROM UNITED KINGDOM

Transnational Giving Europe

Transnational Giving Europe (TGE) is a European network of trusted philanthropic foundations that enables donors to support non-profit organisations in other European countries while benefiting from the **tax advantages** of their **country of residence** (www.transnationalgiving.eu).

Paris Brain Institute's TGE partner in the UK is **Charities Aid Foundation** (CAF). CAF will process your donation in the UK, issue your UK tax receipt, apply **Gift Aid** - where applicable – and transfer the funds to Paris Brain Institute.

How to make a donation

UK donors who wish to make a donation of at least £250 via bank transfer and cheque should first contact Charities Aid Foundation to receive a **Gift Request** and **Gift Aid Declaration form**. Higher-rate taxpayers may claim additional tax relief through their self-assessment. The issuing of a UK tax receipt by CAF takes 4-8 weeks and will be sent via email.

Contact Charities Aid Foundation

Mr Andrew Fakley - tge@cafonline.org

Please include the structured communication in all your donations by bank transfer:

<< TGE – Paris Brain Institute - France >>

Inform Paris Brain Institute of your intention to make a gift

Vanessa Georg – vanessa.georg@icm-institute.org

To ensure the quality, security and sustainability of cross-border giving, 5% of your donation amount will be allocated to the operating costs of the Transnational Giving Europe network. This percentage gradually decreases for donations over €100.000.
